

Instructions to Access The Doctors Company Continuing Medical Education On-Demand Courses

AMN Healthcare has selected on-demand and customized courses relevant to your practice. The courses are listed on a custom webpage for AMN on The Doctors Company's website. The course list is updated as new courses and archived webinars are added. Each course includes content, tests, and a short evaluation. A certificate is issued once you have completed and passed the course. You can always stop and then return to a course to complete it. The system maintains a record of your courses and completion status.

Accessing a course is easy.

1. Start at: www.thedoctors.com/AMNHEALTHCARE (Tip: Bookmark to simplify future access.)
2. Review our course list and click on a course that interests you.
