## ★ FACT 3

**Members qualify by age and length of time with The Doctors Company.**

As a member, you are eligible for a Tribute Plan award distribution upon retirement from the practice of medicine at age 55 or older with at least five years of continuous coverage with The Doctors Company. In certain circumstances, like permanent disability or death, you are eligible for a Tribute Plan award distribution even if these requirements aren't met.

## ★ FACT 4

The Doctors Company allows you to suspend and then reinstate coverage for certain personal or professional reasons, including maternity leave. During a suspension period, your Tribute balance and continuous years of coverage credit are retained. Once your policy is reinstated, your Tribute account and years of continuous coverage credit are reinstated, as well.
