

## Instructions to Access The Doctors Company Continuing Medical Education On-Demand Courses

North American Partners in Anesthesia (NAPA) has selected on-demand courses relevant to your practice. The courses are listed on a custom webpage for NAPA on The Doctors Company's website. The course list is updated as new courses are added. Each course includes content, tests, and a short evaluation. A certificate is issued once you have completed and passed the course. You can always stop and return to a course to complete it. The system maintains a record of your courses and completion status.
