

SOLUTIONS FOR HEALTHCARE LIABILITY

Coverage Options to Protect Your Clients and Give Your Agency a Competitive Edge

Your partnership with The Doctors Company delivers superior coverage solutions for your clients.

As an organization founded and led by physicians, we are closely aligned with the medical profession and have an expert understanding of the risks involved with today's practice environment. Our finely calibrated risk profiles and flexible insurance solutions can help your clients ensure that their unique risks are covered responsibly. Together with our wholly owned subsidiary, TDC Specialty Underwriters, we offer a comprehensive range of high-quality professional liability insurance products for the healthcare marketplace.

Founded in 1976, The Doctors Company is the nation's largest physician-owned medical malpractice insurer—providing coverage to more than 200 facilities and 80,000 physicians. With our long history of stability and strong performance, your clients can count on us to have the power and financial resources necessary to protect them today and for many years to come.

"A"
rating

AM Best and Fitch Ratings once again put us in the "strong" category for Insurer Financial Strength.

\$6.2B
assets

Unrivaled financial strength and backing for our members.

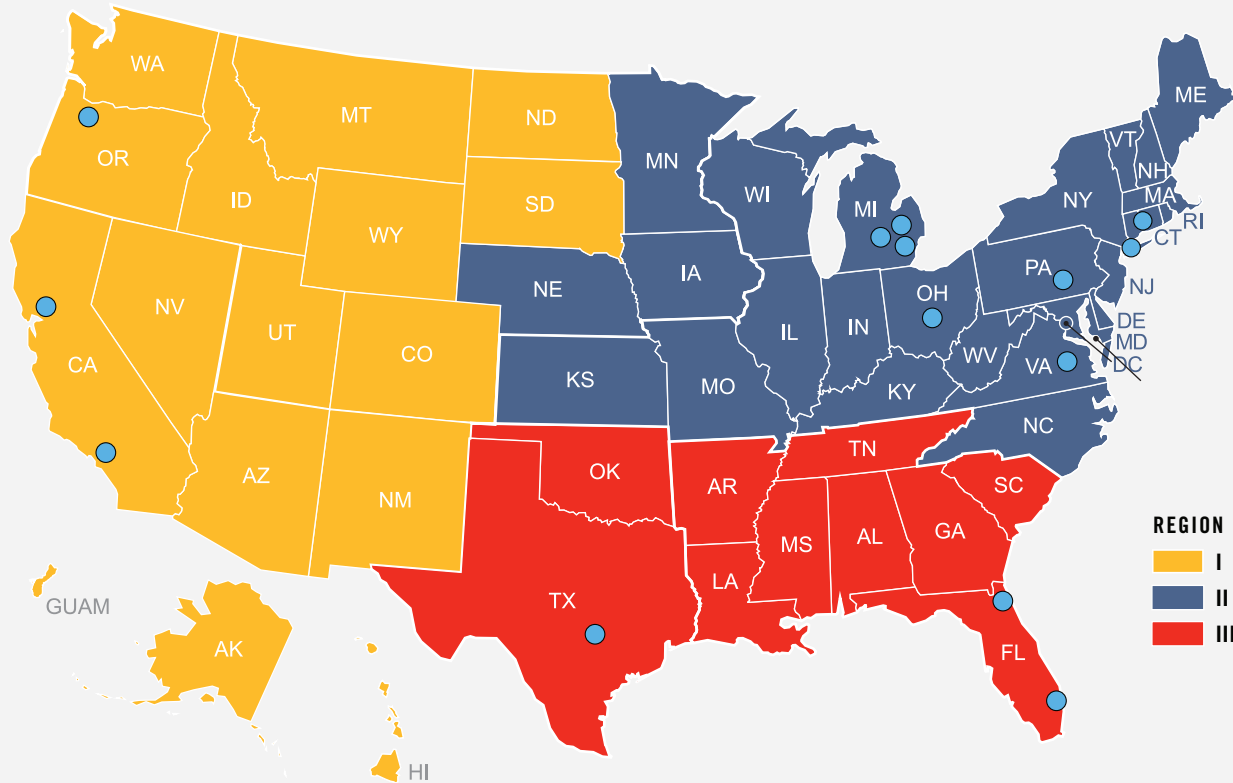

\$2.3B
member surplus

Strongest of any national physician-owned medical liability carrier.

Coverage, policy terms, and availability may vary by state. Certain coverages may be provided through surplus lines insurance subsidiaries of The Doctors Company through licensed surplus lines brokers. The Doctors Company does not underwrite Excess and Surplus lines insurance. Coverages may be underwritten by TDC Specialty Insurance Company or TDC National Assurance Company, wholly owned subsidiaries of The Doctors Company.
