SEPTOPLASTY

The surgery of septoplasty is performed to correct breathing problems caused by a distorted (deviated) nasal septum, which divides the nostrils.

SSEEPPTTOOPPLLAASSTTYY

The surgery of septoplasty is performed to correct breathing problems caused by a distorted (deviated) nasal septum, which divides the nostrils.

Patient’s
Initials

_____ The details of the procedure including the anticipated benefits and material risks have been explained to me in terms I understand.

____ Alternative methods and therapies, their benefits, material risks and disadvantages have been explained to me.

_____ I understand and accept that the most likely material risks and complications of septoplasty have been discussed with me and may include but are not limited to:

- allergic reaction to topical preparations
- bleeding
- chronic pain
- damage to deeper structures
- distortion in external nasal appearance
- infection

- nasal septal perforation
- numbness
- residual sepal distortion
- scarring
- snoring disorder
- unsatisfactory results

_____ I understand and accept that there are complications, including the remote risk of death or serious disability, that exist with any surgical procedure.

_____ I understand and accept the risks of blood transfusion(s) that may be necessary.

_____ I understand that tissue cannot heal without scarring and that how one scars is dependent on individual genetic characteristics. The physician will do his/her best to minimize scarring but cannot control its ultimate appearance.

_____ I am aware that smoking during the pre- and postoperative periods could increase chances of complications.

_____ I have informed the doctor of all my known allergies.

_____ I have informed the doctor of all medications I am currently taking, including prescriptions, over-the-counter remedies, herbal therapies and supplements, aspirin, and any other recreational drug or alcohol use.

_____ I have been advised whether I should avoid taking any or all of these medications on the days surrounding the procedure.

_____ I am aware and accept that no guarantees about the results of the procedure have been made.

_____ I have been advised of the probable consequences of declining recommended or alternative therapies.

_____ I have been informed of what to expect postoperatively, including but not limited to: estimated recovery time, anticipated activity level, and the possibility of additional procedures.

_____ I understand that any tissue/specimen removed during the surgery may be sent to pathology for evaluation.

_____ The doctor has answered all of my questions regarding this procedure.

I certify that I have read and understand this treatment agreement and that all blanks were filled in prior to my signature.

I authorize and direct __________________, M.D., with associates or assistants of his or her choice, to perform septoplasty on _____________________ at __________________________.

(patient name)                (name of facility)

Continued
I further authorize the physician(s) and assistants to do any other procedure that in their judgment may be necessary or advisable should unforeseen circumstances arise during the procedure.
