ORGANIZATION AND LEADERSHIP

- | Always/
Yes | Sometimes | Never/
No | N/A | |
|--------------------------|--------------------------|--------------------------|--------------------------|---|
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | 1. Leadership addresses strategic priorities, culture, and infrastructure: |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | a. Patient safety is established as a strategic priority. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | b. Organizational culture is assessed. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | c. A culture is established that supports patient safety. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | d. Organizational infrastructure is addressed. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | e. The governing board is actively and regularly engaged in the patient safety effort. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | f. Progress in meeting patient safety goals is tracked, and demonstrated safety gaps are closed. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | g. Risk management, quality assurance, quality improvement, credentialing, and other focused resources have been aligned and, where possible, integrated with the shared strategic aim of patient safety. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | h. Leadership has been educated about patient safety and methods for improving it. |
| | | | | 2. Leadership engages key stakeholders. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | a. It engages and captures the governing board's attention to patient safety. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | b. It actively works with physician groups to improve safety. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | c. It promotes and supports teamwork. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | d. Patients and their family members are invited to collaborate with care providers in making clinical decisions. |

Organizational Structure

Always/ Yes	Sometimes	Never/ No	N/A	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	3. Leadership communicates about and builds patient safety awareness:
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. It connects with front-line staff through programs such as IHI's WalkRounds™.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. It has implemented safety briefings.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	c. It has established a structured communication protocol (e.g., SBAR) to standardize discussions among caregivers to ensure that critical information about a patient's status is communicated effectively.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	d. It has implemented crew resource management techniques.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	4. Leadership has established system-level aims, and it oversees and communicates them.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. It has set quality and safety goals.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. It uses adverse event tools to measure and track system performance and to establish, oversee, and communicate <i>system-level</i> aims for improvement.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	5. Leadership tracks, measures, analyzes, and improves performance.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. It measures harm to patients over time as a system-level metric to identify targeted quality improvement projects.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. It uses a variety of tools (e.g., Root Cause Analysis [RCA], Failure Mode and Effects Analysis [FMEA], and Agency for Healthcare Research and Quality [AHRQ] Patient Safety Indicators) to understand the underlying system properties that led to an error, and the system is redesigned to reduce the chance that the error will happen again.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	c. There is an effective and easy-to-use reporting system for incidents.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	6. Staff and patients/families are supported when medical errors and harm affect them.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. Mechanisms are in place to assist patients and families who are involved in a medical error.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. Mechanisms are in place to assist physicians and staff who are involved in a medical error.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	c. A disclosure and apology process is in place.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	d. Leadership has provided systems and tools to keep staff safe.

Organizational Structure

Always/ Yes	Sometimes	Never/ No	N/A	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	7. System-wide activities and incentives are aligned.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. The daily work of employees is organized to support deployment of strategies, and improvement projects are chosen because of their direct impact on system-level measures or support of strategic objectives.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. Safety and quality measurements are incorporated into compensation plans for organization leaders and employees.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	8. Systems are redesigned to improve reliability.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. Processes are designed to increase standardization, incorporate redundancies, and reduce the effect of human error.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. Rapid response teams have been implemented.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	c. Simulation is used to teach staff to recognize problems and understand the effects of their responses in preparing for error-prone, high-risk, or unusual situations.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	d. A computerized provider order entry (CPOE) system has been implemented.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	9. Leadership provides the governing body with patient safety reports at least quarterly. The reports include patient safety initiatives and metrics.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. The governing body, administration, and the leaders of the medical staff communicate regularly on issues of patient safety.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. The governing body, administration, and the leaders of the medical staff communicate regularly on issues of performance improvement.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	10. The hospital maintains a system to assure that National Patient Safety Goals and initiatives (or similar goals, such as National Quality Forum safe practices) are achieved. (Please include a brief overview with comments describing the goals your organization has adopted.)
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	11. There is a system in place to coordinate activities and share results between patient safety, compliance, risk management, and performance improvement.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	12. There is a mechanism in place to periodically review and update all hospital-wide and department-specific policies and procedures.

Organizational Structure

Always/ Yes	Sometimes	Never/ No	N/A	
				13. The administrative policy and procedure manual addresses the following topics:
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. Incident reporting and near misses.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. General and special consents (photographs, blood transfusions, HIV testing, blood alcohol, minors, etc.).
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	c. It requires that staff refer all inquiries by media, attorneys, or others seeking sensitive information to a specific person within the hospital (e.g., administrator, risk manager, public relations).
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	d. Patient confidentiality/security of information, including:
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	i. releasing information,
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	ii. transmitting information to physician offices (by fax, etc.), and
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	iii. using e-mail for communication with patients.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	e. Retaining records.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	14. Legal counsel provides review and oversight for information posted to the organization's Web site.
				15. Policies and procedures on informed consent include and are consistent with Centers for Medicare and Medicaid requirements.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. Procedures require evidence of informed consent.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. Informed consent is obtained.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	c. There are guidelines for action if the patient is not able to give consent.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	d. There are guidelines for action when consent is withheld or refused.
				16. The governing body, medical staff leadership, and administration collaborate:
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. to address and manage conflict among the groups and
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. to modify medical staff bylaws and rules and regulations.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	17. The organized medical staff is accountable to the governing body.

PATIENT SAFETY

- | | | | | |
|--------------------------|--------------------------|--------------------------|--------------------------|---|
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | 18. There is a board policy indicating a formal commitment to provide resources and support for patient safety. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | 19. There is a designated leader of patient safety. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | a. The patient safety leader reports to the CEO, COO, chief medical officer, or other C-level executive. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | b. The patient safety leader has the authority to work across all areas of the organization and carries the full support of the CEO in matters relating to patient safety. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | c. The patient safety leader understands patient safety and has knowledge of effective tools and improvement methodologies. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | 20. There is an established and active patient safety committee. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | 21. There is a formal patient safety program. |
| | | | | The written plan includes the following elements: |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | a. It addresses organizational structure and goals. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | b. It outlines processes for proactive and preventive patient safety analyses: |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | i. risk assessment (failure mode effects analysis) on high-risk and problem-prone areas to evaluate for possible failures and to find ways to prevent failures from occurring; |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | ii. reporting, tracking, and evaluating incidents and near misses; and |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | iii. root cause analysis or other process on sentinel events. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | c. It includes a process for reporting and addressing patient complaints. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | d. There is a process for investigating incidents. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | e. It includes a list of federal, state, and local laws and regulations monitored by the patient safety committee for compliance (OSHA, EPA, ADA, ++SMDA, EMTALA, HCQIA, etc.). |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | f. It includes periodic surveys or inspections for potential hazards (risk surveys of hospital clinical departments, the physical plant, etc.). |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | g. It outlines educational programs for orientation of new staff and continuing education for current staff. |

Organizational Structure

Always/ Yes	Sometimes	Never/ No	N/A	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	22. The patient safety leader or a committee conducts an annual review to determine the effectiveness of the department.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. It reviews actions taken and documents the results.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. It reviews hospital departments' compliance with policies that address patient safety/risk issues.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	23. The patient safety committee includes representatives of administration, nursing, medical staff, performance improvement, ancillary departments, and physical plant and maintenance.
				24. The committee reviews:
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. incident and near-miss report summaries;
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. potentially compensable events;
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	c. hazardous materials and waste management program;
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	d. disaster plans and drills;
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	e. security plans and audits;
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	f. equipment policies, including preventive maintenance, repair, lock out/tag out, and user error; and
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	g. issues related to patient safety.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	25. Risk management, patient safety, and performance improvement functions are integrated. For example:
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. Pertinent information is shared between performance improvement, patient safety, and risk management.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. Each committee has a representative from the other disciplines.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	26. The patient safety leader reviews all committee meeting minutes to identify possible patient safety and risk issues.

RISK MANAGEMENT

- | | | | | |
|--------------------------|--------------------------|--------------------------|--------------------------|---|
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | 27. There is a designated risk manager. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | 28. The incident reporting policy includes the following elements: |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | a. The risk manager reviews all incident reports, including medication error reports. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | b. Incidents are reported to the risk manager within 48 hours. Serious patient injuries are reported as soon as possible. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | c. All departments report incidents to risk management. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | d. Incident trends are identified. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | e. Frequency, severity, and causes of adverse patient care occurrences are reported to the board at least every six months. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | f. Occurrence screens identify events that must be reported (e.g., unscheduled return to the OR, AMA discharges, unexpected deaths). |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | 29. The following statements are true with regard to the incident report form: |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | a. No corrective actions are documented on the incident report form. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | b. The reports are confidential, and statutory protection language is used. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | c. Reports are not photocopied. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | 30. There is a policy/practice of documenting in the medical record the facts surrounding an incident. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | a. This documentation is reviewed by either the risk manager or supervisory staff to assure adequate documentation of the incident. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | b. Medication errors are included in the policy. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | c. The policy clearly states there will be no documentation placed in the medical record that an incident report was written or submitted for review. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | d. No copies of or references to incident reports are included in the medical record. |
| <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | 31. The organization does not give copies of incident reports to patients, family, visitors, or employees. |

Organizational Structure

Always/ Yes	Sometimes	Never/ No	N/A	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	32. The risk manager manages claims for the hospital.
				a. If not the risk manager, who manages claims? _____
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. There are procedures in place for setting up claim files.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	c. Claim files include date of loss, date the file was opened, dates for hearings, deadlines, all claim activity, claim documents, correspondence with the insurance carrier and defense counsel, and the resolution of the claim.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	d. There is a method for securing medical records against tampering or unauthorized use.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	e. All information is kept in a locked file or is locked electronically.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	f. The risk manager maintains a current claims history.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	g. The risk manager has authority to secure the medical record or lock the electronic HR record in the event of potentially compensable events, claims, or suits.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	h. The risk manager has the authority to settle claims up to a specified amount. (If yes, the amount is documented in the hospital policy.)
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	33. The hospital has a policy related to the write-off of patient charges (waiver of charges, waiver of co-pay insurance, etc.) for patient injuries or patient complaints.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. The policy is consistent with Medicare regulations and state law.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. There is coordination with other providers (ED physicians, radiologists, surgeons, etc.), who may withhold their bills for charges related to an incident when there has been a patient injury.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	34. As a courtesy, visitors who are injured on hospital property are offered the opportunity to be evaluated in the emergency department for an initial assessment.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. Physician charges are also waived (ED physician charges, radiology charges, etc.).
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. Visitors who are injured on hospital property are given the name of a person to contact if they have additional concerns.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	c. If the injury is due to unsafe practices or hazards on the premises, there is a policy to ensure immediate inspection of the area to protect others from harm.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	d. Incident reports are completed for visitor injuries.

Organizational Structure

Always/ Yes	Sometimes	Never/ No	N/A	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	35. There is a designated person for handling patient, family, or visitor complaints (a patient representative, risk manager, etc.).
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. There is a system for patients to communicate their concerns, and there is a mechanism for a hospital response.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. The risk manager is notified of complaints.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	c. The response to complaints is coordinated with the risk manager.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	36. The risk manager is notified by the medical records department of all requests for medical records from attorneys and of requests that raise suspicion that there is a potential claim.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	37. There is a hospital medical record policy on making late entries, correcting errors, or inserting an addendum.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. Late entries that are made after the end of the shift are approved by a supervisor.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. Late entries made after the patient's discharge are also reviewed by the risk manager/patient safety officer.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	c. Late entries and addenda are prohibited from being made after notification of a claim or a legal action.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	d. The policy addresses the proper format for late entries, corrections, or addenda to the record.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	38. The risk manager reviews a list of patient names to be sent for bill collection and determines if potential claims exist.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	39. The billing department forwards patient complaints to the risk manager.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	40. The risk manager or hospital attorney reviews hospital contracts for the following elements:
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. A description of each party's duties and responsibilities.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. The contractor's responsibility to carry liability insurance, to provide a certificate of insurance, and to notify the hospital of changes in coverage.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	c. A hold-harmless clause.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	d. A statement that the contractor is not an agent, servant, or employee of the hospital.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	e. A statement allowing the hospital to access the contractors' books and records related to regulatory requirements.

Organizational Structure

Always/ Yes	Sometimes	Never/ No	N/A	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	41. The risk manager participates in reviewing policies and procedures for credentialing, re-credentialing, and/or delineating privileges for both the medical staff and allied health staff.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	42. The risk manager verifies that hospital policy requires adequate medical malpractice insurance coverage for members of the medical staff and allied health staff.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	43. The information from an investigation of a physician incident is included in the credentialing/peer review file for that physician.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	44. The risk manager participates in the selection and purchase of hospital insurance policies.

PERFORMANCE IMPROVEMENT

<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	45. There is a designated leader for performance improvement.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	46. There is a formal process of gathering and analyzing internal data to identify potential areas of high organizational risk.
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	47. When adverse trends are identified, an investigation takes place, an action plan is developed and implemented, and the results are evaluated.
				48. At a minimum, the hospital collects and analyzes data on:
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	a. operative or other procedures that place patients at risk of disability or death,
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	b. significant discrepancies between preoperative and postoperative diagnoses,
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	c. adverse events related to moderate or deep sedation or anesthesia,
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	d. use of blood and blood components,
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	e. all reported and confirmed transfusion reactions,
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	f. results of resuscitation,
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	g. behavior management and treatment,
